Classic & Contemporary Outdoor

Founded in 1920, POINT is a family-owned company with 100 years of history.

Global Vision, Global Brand

100 years creating a global brand that's present in more than 70 countries.

We are Design

From the use of rattan early on to the use of new materials later, our path has been intertwined with design.

We are Craftsmanship

The success of POINT lies in the combination of craftsmanship, tradition, and a tireless quest for excellence in the quality of our products.

We are Innovation

One hundred years of history and four generations of the Pons family have seen POINT evolve from a small workshop founded in Gata de Gorgos in 1920 to an international outdoor furniture firm.
